**For Immediate Release**

**Netcom Technologies, Inc. Announces BRAC Awards**

Netcom Technologies, Inc. (Netcom), a leading infrastructure and physical security solutions provider announced today, July 3 that it has been awarded contracts for “Base Closure and Realignment Commission” (BRAC) projects in the Mid-Atlantic area.

Roy Rea, the President and CEO of Netcom, stated “Netcom has been awarded projects for The Army National Guard in Arlington, Virginia, C2/CNT in Aberdeen, Maryland and Defense Media at Fort Meade, Maryland. These projects represent in excess of \$7.1M in new contracts for Netcom.”

Mike Lindquist, a Vice President at Netcom added, “Netcom has worked very hard to develop this new business. Strong manufacturer relationships with Commscope and Belden along with our 1<sup>st</sup> rate Operations group were very valuable in helping us be successful on these projects. These awards are a tribute to the efforts of the entire Netcom Team.”

**About Netcom:**

For the past 20 years, NETCOM Technologies, Inc., a privately held corporation, has consistently proven its ability to deliver “best value” inside and outside cable plant, IP video and security infrastructure, and telephony solutions to both public and private sectors. NETCOM has evolved from a regional cable plant installation provider into a nationwide provider of comprehensive and secure telecommunications infrastructure and security services.
