Netcom Technologies, Inc. Announces Record Results in 2009

Netcom Technologies, Inc. (Netcom), a leading infrastructure and physical security solutions provider announced today, July 3rd that it has achieved record revenues from its most recent two quarters.

Roy Rea, the President and CEO of Netcom, stated “Netcom has achieved record revenue and earnings this year with the most recent quarter ending June 30, 2009. Netcom has been able to increase its current business with existing customers as well as increase its revenues from new nationwide contracts it captured last year. We are really pleased with the results.”

Tom Cuneo, Netcom’s Senior Vice President of Business Development added, “Netcom has added new subcontracts with Nortel Government Solutions, Johnson Controls and Avalon Technology. Netcom supports these Prime Contractors nationwide at the Social Security Administration, Customs and Border Protection and the Federal Aviation Administration.”

About Netcom:

For the past 20 years, NETCOM Technologies, Inc., a privately held corporation, has consistently proven its ability to deliver “best value” inside and outside cable plant, IP video and security infrastructure, and telephony solutions to both public and private sectors. NETCOM has evolved from a regional cable plant installation provider into a nationwide provider of comprehensive and secure telecommunications infrastructure and security services.
