

PRESS RELEASE

For Immediate Release:

Netcom Technologies, Inc. announces it turns 26 years old today.

Netcom Technologies, Inc. (Netcom) announced today, March 25, 2014, that it is starting its 26th year in business. Netcom Technologies, Inc. is a cable plant infrastructure, security and IT services company that is located in Rockville, Maryland. Its entire 26 years in business have been under the same management. Most recently Netcom has added Electrical Services to its offerings.

President and CEO Roy Rea had this to say about the award: "I am very proud of this company and all of its accomplishments. There have been many good people that have worked here over the years and I would like to thank all of them for their contribution. Netcom has undergone a culture shift in the last 18 months and we are now stronger than we have ever been in our entire history. That change has been spearheaded by two Senior Executives at Netcom, Ryan Rea our COO and Steve Eckels our VP of Operations. Under their continued direction along with the efforts of our very talented and successful sales staff, we look forward to long term growth and prosperity".

About Netcom:

For over 26 years, NETCOM Technologies, Inc., a privately held corporation, has consistently proven its ability to deliver "best value" inside and outside cable plant, IP security systems, and telephony solutions to both public and private sectors. NETCOM has evolved from a regional cable plant installation provider into a nationwide provider of comprehensive and secure telecommunications infrastructure and security services.
