

## **PRESS RELEASE**

### **For Immediate Release:**

### **Netcom Technologies, Inc. Announces GSA Connections II Award**

Netcom Technologies, Inc. (Netcom), a leading telecommunications infrastructure solutions provider announced today, October 26, 2011 that it was awarded a General Services Administration Connections II (CNX II) contract (GS00Q12NSD0015). CNX II is a \$5 billion, 9 year 3 month multiple award contract that will be the government's one-stop shop for buying telecommunications, network, and communications solutions. CNX II meets government agencies' equipment, building, and campus infrastructure needs, and it provides professional services to support existing networks and design customized client-specific solutions. Whether an agency requires transition planning and integration services or infrastructure installation and implementation, CNX II provides a comprehensive solution for all federal agency telecommunications needs.

Roy Rea, the President and CEO of Netcom, stated "I am pleased that Netcom has been awarded a Connections II contract. We plan to immediately start marketing this contract to our government customers."

Netcom's Connections II Team is comprised of exclusive industry partners. They are Acentia (formerly NetStar-1), Booz Allen Hamilton, Tribalco and Turning Point Global Solutions.

#### **About Netcom:**

For the past 22 years, NETCOM Technologies, Inc., a privately held corporation, has consistently proven its ability to deliver "best value" inside and outside cable plant, IP video and security infrastructure, and telephony solutions to both public and private sectors. NETCOM has evolved from a regional cable plant installation provider into a nationwide provider of comprehensive and secure telecommunications infrastructure and security Services.
